Programme's Mission and Objectives

Mission:

- To provide an intensive, practically oriented programme.
- To provide computer education to learners comes from ruler and tribal background through quality education and strengthen the young talent by enhancing their skills to establish themselves in society.
- To provide an opportunity for graduates of non computing courses to develop key specialist skill for a career in computing.
- To complementing your expertise with core computing skills.

Objectives:

- To provide opportunities to learners of ruler and tribal background to establish themselves in competitive environment through their skills in information technology.
- To develop positive attitude to learners and motivate them by exploring new domain of knowledge.
- To provide an opportunity for graduates of non-computing courses to develop key specialist skill for a career in computing.
- To prepare graduate learner for productive careers in the software industry and academic by providing an outstanding environment for teaching in the core and emerging areas of the discipline.

Online M.SC Mathematics

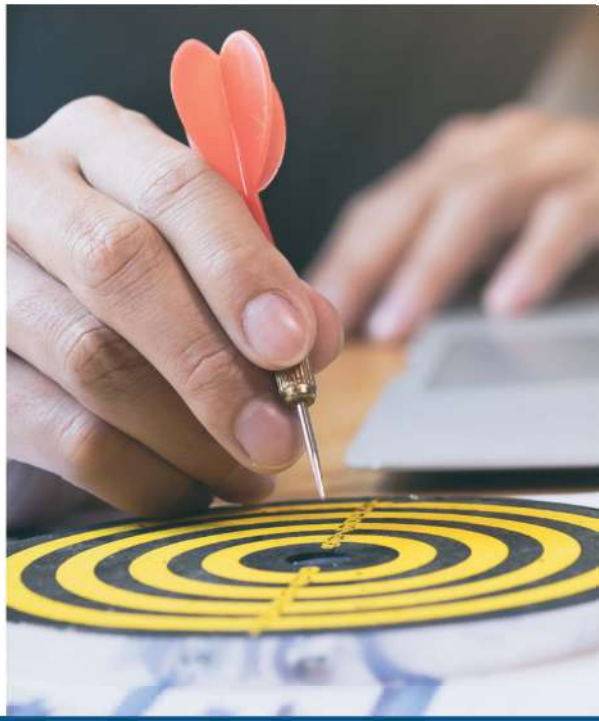
Programme's Mission and Objectives

Mission:

- To cater and ensure excellent theoretical and practical training through teaching, counselling, and mentoring with a view to achieve professional and academic excellence.
- To connect with industry and incorporating knowledge for research enhancement.
- To generate, disseminate and preserve knowledge for the benefit and betterment of society.

Objectives:

M.Sc. in Mathematics programme through online mode aims to provide students with advanced mathematical skills and knowledge in areas such as algebra, analysis, topology, geometry, and applied mathematics. The programme aims to develop students' skills in mathematical analysis, problem-solving, logical reasoning, and critical thinking. Additionally, it offers advanced coursework in specialized areas of mathematics such as algebra, topology, geometry, number theory, and applied mathematics. The programme also aims to provide students with the skills required to carry out independent research in mathematics, including skills in literature review, mathematical modelling, data analysis, and technical writing. Furthermore, the program prepares students for further studies in mathematics, including Ph.D. programmes or research-based careers in academia, industry, or government. Ultimately, the programme aims to prepare students for a wide range of career opportunities, including roles in academia, research, industry, finance, technology, and government, by providing them with the necessary skills and knowledge to succeed in these fields.



Instructional Design

The program is divided into foursemestersand minimum credit requirement is 76 to get M.Sc. (Mathematics) degree in OL modefrom Mangalayatan University. Minimum time period for acquiring M.Sc. (Mathematics) degree will be two years and maximum time period to acquire is 4 years.
